ON THE MOVE

Some of the children at Jane's House are on the move. We are happy to report that many of the children will be transiting into the adult work place. This would have never been possible without your prayers and financial support. May God bless you for the kindness you have shown to our orphans in India.

Nani has secured a job with the police department. He is being trained in an auto mechanic apprentice program while receiving a salary. He now lives independent of Jane's House and is very excited about his transition into adult life.

Surekha has taken a job as a nurse and she now receives a handsome salary. She is very happy. She has currently moved back to the village in which she was born and her success is celebrated amongst the village people from which she came.

Anitha is attending nursing school and will complete her courses by late summer. She has already been offered 3 jobs. She will soon accept an offer with the agreement that she will begin working after her schooling is complete.

Jaya has finished her high school requirements. She is still at the orphanage and is looking to return to village life with members of her extended family.

Sarah and Sunanda are still studying at a clothing design school in Hyderabad. When they complete their studies in late August, they will return to the orphanage and await job placement by the school.

Please continue to pray for all our students in transition as they prepare themselves to make an impact in the world.
