## BALU & SUDHEER

This past summer we took in several orphans who were part of a traveling circus. Here is one story of 2 brothers, Balu & Sudheer.

Balu is 5 years old and Sudheer is 7 years old. They come from a harsh and heartbreaking background where their father would beat their mother everyday. Their mother committed suicide by jumping into a river and she drowned. Their father remarried and abandoned the boys. A neighbor brought the boys to Jane's House.

The boys are 2 of the 9 new orphans we took in over the summer. Each child has their own unique story to overcome. They have all transitioned well into the orphanage and now are part of the family there filled with love and hope. If you would like to sponsor Balu & Sudheer or any of the 7 other children we have rescued please mark it on the tear off portion below. Your support of \$30 a month helps us give hope to a child where there once was none.
