APRIL MISSION TRIP

In April, we are taking a 10-day mission trip to India. We are going with members of Silverdale Baptist Church which is located in Washington. They have been diligent in their training and have prepared themselves to share the Gospel among the tribal and untouchable peoples. While traveling from village to village, it is our hope to share the Gospel with 3,000 people. In addition to our evangelism program, Barry Bandera, Senior Pastor of Silverdale Baptist Church, will conduct a pastoral training program in order to encourage Indian pastors in their ministries. He will be focusing on the need to evangelize and the importance of personal integrity for ministers.

Tony and Pastor Barry Bandera

This training is timely, as the climate in India is becoming more closed to the Gospel in neighboring states within India. Andhra Pradesh is still open and people are coming to hear about and know Jesus in large numbers. We must take advantage of the time we have to openly share the good news of Jesus Christ with those who have not heard. We also must equip the pastors who remain in India and continue in the good work that the church is expected to do. Please pray for Andhra Pradesh as this state is still wrestling with the role of the Christian church. Please pray for the safety of the church in India as well as for our team. Pray that God would grant us great success as we share the gospel alongside our Indian brethren. Please also pray for the pastoral training that will occur and that God would grant even greater access to sharing His great love with the people of India.

"Preach the Word; be prepared in season and out of season" 2 Timothy 4:2a
